3. Define front end POC

Functional areas in business organisations: Production, Research and development (R & D), Administration, Customer service, Sales, Distribution, Marketing, ICT, Human resources, Finance

1. We should see if our job seekers have interests in the following domains, and incorporate these into our POC front end solution:
   - Sales
   - Marketing
   - ICT
   - HR
   - Finance
   - Administrative assistant
